

# Teenage Fanclub, Ain't That Enough

If you can I wish you would  
Only if you feel you should  
Bring your loving over  
All adds up with circumstance  
All stood up with taking stands  
Bring your loving over

Highlights glisten  
Silence listens  
Days that found you  
Embrace that found you

Here is a sunrise Aint that enough  
True as a clear sky, ain't that enough  
Toy town feelings here to remind you  
Summers in the city do what you gotta do

Time can only make demands  
Fill it up with grains of sand  
Bring your loving over  
Highlights glisten  
Silence listens  
Days that found you  
Embrace that found you

Here is a sunrise Aint that enough  
True as a clear sky, ain't that enough  
Toy town feelings here to remind you  
Summers in the city do what you gotta do  
Toy town feelings whose gonna argue  
Summers in the city Summers in the city
