

# Teenage Fanclub, Don't Need A Drum

I don't need a drum, to make a song  
When I want to speak, I open my mouth  
If no one listens, I don't care  
I still disturb the air when I want to

If I could say, don't need a thing  
What do postcards say anyway  
What do ? ? anyway  
I still disturb the air when I want to

I don't need a drum, to make a song  
When I want to speak, I open my mouth  
If no one listens, I don't care  
I still disturb the air when I want to
