

# Teenage Fanclub, Dumb Dumb Dumb

Its been playing on my mind  
I don't want to waste your time  
and the thought of you is tearing me apart

Had a name but now that's gone  
I don't know where I went wrong  
now I'm all alone and drifting in the dark

Take me back to what I know  
cos I don't know where to go  
and I'm finding it so hard to stay in tune

But it's hard to comprehend  
getting closer to the end  
and I hope that I'll be feeling better soon

Now I'm just a fading light  
but I want to feel alright  
and I hope that you can help me through the days

And I find it hard to sleep  
cos I sold myself so cheap  
do you think about me when I go away.
