Teenage Fanclub, Dumb Dumb Dumb

Its been playing on my mind
I don't want to waste your time
and the thought of you is tearing me apart

Had a name but now that's gone I don't know where I went wrong now I'm all alone and drifting in the dark

Take me back to what I know cos I don't know where to go and I'm finding it so hard to stay in tune

But it's hard to comprehend getting closer to the end and I hope that I'll be feeling better soon

Now I'm just a fading light but I want to feel alright and I hope that you can help me through the days

And I find it hard to sleep cos I sold myself so cheap do you think about me when I go away.
