

Teenage Fanclub, Middle Of The Road

A lot depends on life
And how much you've known it
I've got friends who like to think
That they've outgrown it
But time just sends it back
Much further than you've thrown it

Right down the middle of
Right down the middle of
Right down the middle of
The road

I've had time to see
That my eyes are open wide
It's a certainty that
I'd have been lost without you as my guide
But I'll guarantee that
I won't let my feelings slide

Right down the middle of
Right down the middle of
Right down the middle of
The road
Right down the middle of
Right down the middle of
Right down the middle of
The road

I've got time but I hope my life can rhyme with it
You've got mine and I know you hope that im with it

[BREAK]

Right down the middle of
Right down the middle of
Right down the middle of
The road
Right down the middle of
Right down the middle of
Right down the middle of
The road

I've got time but I hope my life can rhyme with it
You've got mine and I know you hope that im with it

[REPEAT TO FADE]
