

Teenage Fanclub, Your Love Is The Place Where

Your sadness don't lie
Your feelings can't hide
You always know why
But your reasons are sly
You never deny
What you feel inside

I
I Disappear when you're not here
In my life

I can't slip away when I see your face
I lose my confusion
Your Love Is The Place Where I Come From
When I'm on my own I'm lost in space
My freedoms a delusion
Your Love Is The Place Where I Come From

My sadness don't lie
My feelings can't hide
I Just can't deny
What I feel inside

[CHORUS to end]
