

Tegan & Sara, Dancing In The Dark

I get up in the evening
And I ain't got nothing to say
I come home in the morning
I go to bed feeling the same way
I ain't nothing but tired
I'm just tired and bored with myself
Hey there baby I could use just a little help

You can't start a fire
You can't start a fire without a spark
This gun is for hire
Even if we're just dancing in the dark

Message keeps getting clearer
Radio's on and I'm moving 'round my place
I check my look in the mirror
Wanna change my hair, my clothes, my face
I ain't getting nowhere just living in a dump like this
There's something happening somewhere
There's something happening somewhere
There's something happening somewhere

You can't start a fire
You can't start a fire without a spark
This gun is for hire
Even if we're just dancing in the dark

Can't start a fire
Sitting around crying over a broken heart
This gun is for hire
Even if we're just dancing in the dark

You can't start a fire
Worrying about your little world falling apart
This gun is for hire
Even if we're just dancing in the dark
