

# Tegan & Sara, I Know I Know I Know

From hundreds of miles you cry like a baby  
You plead with me, shout, scream, tell me I'm staying  
I know I know I know, I'm still your love  
Back from the last place that I wanted to fake you  
Laugh with me, shout, scream now tell me you're staying  
I know I know I know, you're still my love  
The same as I love you, you'll always love me too  
This love isn't good unless it's me and you  
Box after box and you're still by my side  
The weather is changing and breaking my stride  
I know I know I know, it's just this day  
House after house, just like car after car  
You see club after club and it all seems so far  
I know I know I know what else are we here for  
The same as I love you, you'll always love me too  
This love isn't good unless it's me and you  
Stick your hands inside of my pockets  
Keep them warm while I'm still here  
Tell them this love hasn't changed me, hasn't changed me at all  
Last night I was writing about you  
I know my screaming and shouting won't keep you  
I know I know I know, you're still my love  
I wake up to the sound of you working  
You're one room right over, stressing and loving me  
I know I know I know, be still my love  
The same as I love you, you'll always love me too  
This love isn't good unless it's me and you  
Stick your hands inside of my pockets  
Keep them warm while I'm still here  
Tell them this love hasn't changed me, hasn't changed me at all  
Stick your heart inside of my chest  
Keep it warm here while we rest  
Tell them this love hasn't changed me, hasn't changed me at all  
The same as I love you, you'll always love me too  
This love isn't good unless it's me and you
