

# Tegan & Sara, Star Money

"homemade hugs and blanketed kisses  
and then they tell me stories  
of their, of the fashion issues  
and all my hair fell to the floor  
well that's all right  
I can always grow more  
one two three four  
they line you up  
they want you back for more  
they said one two three four  
line them up  
tear them down  
then come back for some more  
oh i'm everything you want in one  
i'm everything you need in one  
fall to your knees  
this is life after me  
and all we've got is talk  
that's all we've got for now  
all we've got is talk  
that's all we've bought for now  
they bought me with some money, oh  
they bought me with some money, oh  
they bought me with some money  
some money oh  
one two three four  
this ain't love at all  
i want it all for some more  
they said one two three four  
line it up  
tear it down  
bring it back for some more  
oh i'm everything you want in one  
i'm everything you need in one  
fall to your knees  
this is life after me  
and all we've got is talk  
that's all we've got for now  
all we've got is talk  
that's all we've bought for now  
they bought me with some money, oh  
they bought me with star money, oh  
they bought me with some money  
some money, some money oh  
my head is aching  
my soul is shaking  
let it go  
my heart is breaking  
my hands are shaking  
let it go, let it go  
let it go, let it go  
let it go, let it go  
they bought me with some money, oh  
they bought me with star money, oh  
they bought me with some money  
some money, some money oh  
oh "
