

Tegan & Sara, Want To Be Bad

Your crowbar swung
Through the, the restaraunt
More like a pub
Yeah we, we drank a lot
Don't get in
Over your head
I just want to be bad
Oh oh alright
I just want to be bad
Oh oh alright
You're so tragedy
And you were hard on me
You're so tragedy
And you were hard on me
You might be dead
But it's hard to know
The night turns in
But you all go, go
Don't get in
Over your head
I just want to be bad
Oh oh alright
I just want to be bad
Oh oh alright
You're so tragedy
And you were hard on me
You're so tragedy
And you were hard on me
Then morning came
We're in this together
And then morning came
We're in this together
I don't care how far we go
What's the matter
What's the matter
I just want to be bad
Oh oh alright
I just want to be bad
Oh oh alright
You're so tragedy
And you were hard on me
You're so tragedy
And you were hard on me
