

# Tegan & Sara, We Didn't Do It

We didn't do it for the money, I don't know why  
We didn't do it for the money, I don't care why  
You'll go down down down get in my car it's too full  
We didn't do it to be happy, so i can whine  
You'll go down down down on the outside  
Will i grow this out  
You think I got my way  
We didn't do it for the money, for the last time  
You think I got my way, you think I got my way  
Get in my car
