Tei Shi, Bassically

Baby, I'll behave
If you let me stay
Please don't say
That I'm begging you for love
Baby, let me stay
When the world is gone
Promise I'll behave
Never right you wrong
Is that what you want
Like the other boys?
Someone you can throw
Like the other toys?

Is that what you found Like the other boys Someone you can drown Like the other noise?!

Baby, I'll behave If you let me stay. Please don't say That I'm begging you for love.
