

# Teitur, Shade Of A Shadow

Can I call you if I'm back in town?  
Leave a message when I'm southbound?  
Could I please, could I please?  
Won't be long till I'll be passing through,  
Maybe three days, maybe two.

Could I see you one more time, if its ok if you don't mind?  
I'm the shade of a shadow, baby.  
Been thinkin' bout you tonight, how sweetly you bring light.  
You're the ray of the sun, and I'm the shade of a shadow.

Of all the letters I never sent and all the time we haven't spent,  
Could I please, could I please?  
You always said I play games I know I'd lose,  
You always said that's the life I'd choose.

Could I see you one more time if it's ok if you don't mind?  
I'm the shade of a shadow, baby.  
Been thinkin bout you tonight, how sweetly you bring light.  
You're the ray of the sun, I'm the shade of a shadow.

[repeat]

Can I call you if I'm back in town?  
Leave a message when I'm southbound?  
Could I please, could I please?  
Could I please you?
