

TEKNO, Peace of Mind

I dey hear plenty scores (yeah)
Say they no, believe us (yeah)
But na God dey bless us
(But na God dey bless us)
Dem mouth is sharp like scissor
Say they try their best to dey pressure me
But I live my life, I send nobody, I live my life 'cause
Peace of mind is so underrated o
That's why I am patient o
'Cause I know my time is now
Make nobody rewind it o
Peace of mind is so underrated o
That's why I am patient o
'Cause I know my time is now
Make nobody rewind it o at all
Suffer no god
Everyday I'm up to something
So far so god
I'm up and grateful
I remember I was wanting
When guys were flaunting
I see something
That's why I dey go
Get code
My story na, na glory
Big Molly, shift for me
Victoria, e don do me
That's why I dey go go go go
Anytime I show, no apology
Omoge 'cause I know that
Peace of mind is so underrated o
That's why I am patient o
'Cause I know my time is now
Make nobody rewind it o
Peace of mind is so underrated o
That's why I am patient o
'Cause I know my time is now
Make nobody rewind it o, at all
I dey hear plenty scores (yeah)
Say they no, believe us (yeah)
But na God dey bless us
(But na God dey bless us)
Dem mouth is sharp like scissor
Say they try their best to dey pressure me
But I live my life, I send nobody, I live my life 'cause
Peace of mind is so underrated o
That's why I am patient o

Make nobody rewind it o
