

Telecast, Absolution

Your holiness brings the friendship I need
Loneliness flees as I feel Your glory
Like morning break around me
As I decrease I find You're released
The rush of Your love,
Like the rush of Your blood
Lord, it sustains me, it sustains me

Want to tell You, tell You I love You
Just to know You, my sweetest friend

"Awake from your slumber, my dear friend"
You say
Arise and follow, for I am the way
In Me there is absolution"
I've been undone by Your holy touch
Consumed by the fire of Your holy love
Lord, it sustains me
