

# Television Personalities, In A Perfumed Garden

I could happily spend  
The rest of my life  
In a perfumed garden  
With you, with you

I'd invite all my friends  
To stay a weekend  
In a perfumed garden  
With you, with you

That's too easy  
Please let me stay

In the Summer I'd stay  
In your garden all day  
In a perfumed garden  
With you, with you

It's so peaceful and warm  
And I'd come to no harm  
In a perfumed garden

With you, with you

That's too easy

Please let me stay

In the Summer I'd stay  
In your garden all day  
In a perfumed garden  
With you, with you

But I don't envy you  
Or the things that you do  
In a perfumed garden  
With you, with you

I could happily spend  
The rest of my life  
In a perfumed garden  
With you, with you
