

Tellers, More

Well, I guess I'm a fucker cause I saw how
You looked at me the other night.
Now, landscape is passing slowly in front of my headlights.

Oh hey no, you don't need me, no x 2

More, give me more
and give me more,
You know I'd die for you,
Little whore.
One day you'll see I'll probably become me.

Oh hey no, you don't need me, no x 2

Live in a bubble,
Slip on the curls,
I will never understand girls.
