

# Templo Diez, Sedan

This car'll get you driving  
Right up to the end  
Won't you roll down your window,  
Let enter the sand

Sun trapped in the shades  
Town sliding behind  
Let's drive and forget  
Let's move till it's .

Niiiiiiiiight  
Till it's night  
Till it's niiiiiiiiight  
Till it's night

Life's getting hazy  
Surrounded by fakes  
Yours has been stolen  
Why not mixing our fates

Sun trapped in the shades  
Town sliding behind  
Let's drive and forget  
Let's move till it's ..

Niiiiiiiiight  
Till it's night  
Till it's niiiiiiiiight  
Till it's night

First flares of the morning  
We're back and again  
Commuters and buildings  
We're ready to fade.
