

# Temposhark, Battleships

I don't like it when we argue  
It makes no sense to me  
I am more than just a waste of your time  
That's something you don't see

You're not quite how I thought you would be  
Not like I imagine  
It's never quite how I felt it would feel

But I can save this battleship  
It's worth one more try  
And I can steal this battleship of mine  
And I will sail this battleship  
It's worth one more try  
And I can save this battleship of mine

I don't want to feel this anger  
Don't talk down to me  
When you use that cheap tone of voice  
I shut off instantly

You're not quite how I thought you would be  
Not like I imagined  
It's not quite how I felt it would feel

And I can save this battleship  
It's worth one more try  
And I can steal this battleship of mine  
And I will sail this battleship  
It's worth one more try  
And I can save this battleship of mine

And I will give you my life, if you'd save it for me  
I will swallow the sea  
When all you offer is silence  
I can't help if you won't speak

I don't want to concede to your defeat  
And just watch us come apart  
And my only wish is for all of this to stop now

But I can save this battleship  
It's worth one more try  
And I can steal this battleship of mine  
And I will sail this battleship  
It's worth one more try  
And I can save this battleship of mine

And it's worth one more try  
It's worth one more try  
It's worth one more try  
Is it worth one more try?
