

Ten Foot Pole, Giving Gravity A Hand

Triple bypass
Knocked on his ass
The doctor told him not to smoke
But late at night
He dims the lights
Puffing through the tube jammed in his throat

(chorus)
Giving gravity a hand
Feels alright, feels alright
Giving gravity a hand
Cutting life short by making it grand
Giving gravity a hand
Feels alright, feels alright
Giving gravity a hand
One step closer to the promised land, yeah

Scars from road rash
Gifts ffrom each crash
Memory of road grinding my bone
I die inside
If i can't ride
Carving through the canyons, flying home

(repeat chorus)

Giving gravity a hand
Feels all right, Feels alright
Giving gravity a hand
One step closer to the promised land

(repeat chorus)
