

# Ten Hands, Alligator Brain

(Slavens, Muller)

taste of blood  
on my lips  
cold spot in my heart  
man of action  
plan of action  
no reaction  
cold spot in my heart  
there's a cold spot in my heart  
if I love you  
I can hurt you  
cold spot in my heart  
everything that you say can be used  
in a cold spot in my heart  
I've got a cold spot in my heart  
the knife cuts  
my heart bleeds  
please don't push me baby,  
there's a cold spot in my heart  
just can't be responsible  
for tearing you apart  
when I'm in my alligator brain  
I see my chance  
I make my move  
got a cold spot  
I've got a cold spot in my heart  
once I'm in motion  
there is no devotion  
just one cold emotion  
cold spot in my heart  
I've got a cold spot in my heart
