

Ten Hands, Alligator Brain

(Slavens, Muller)

taste of blood
on my lips
cold spot in my heart
man of action
plan of action
no reaction
cold spot in my heart
there's a cold spot in my heart
if I love you
I can hurt you
cold spot in my heart
everything that you say can be used
in a cold spot in my heart
I've got a cold spot in my heart
the knife cuts
my heart bleeds
please don't push me baby,
there's a cold spot in my heart
just can't be responsible
for tearing you apart
when I'm in my alligator brain
I see my chance
I make my move
got a cold spot
I've got a cold spot in my heart
once I'm in motion
there is no devotion
just one cold emotion
cold spot in my heart
I've got a cold spot in my heart
