

Ten Hands, Say The Word

This is my day, I am all alone and unafraid
Life is living, time alone can make you feel this way
Are you with me, are you all alone and unafraid ?
Love is loving, frozen in an everlasting day
Say the word
And it will be yours forever if you'll
Say the word
I will be yours forever and ever
Just say the word
This is my way, I am all alone and unafraid
Are you learning too ? Life alone can make you feel this way
