

# Ten Hands, You Are My Fix

Baby, when I look into your eyes I can't see  
Mama, what about has got a hold on me ?  
Sweetness, I'm addicted to you, gotta have you by my side  
No other girl will do  
You are in my system, you are driving through my veins  
If I don't get more of you, I think I'll go insane  
You are my fix, and I need you NOW!  
Mama, I get the shivers and shakes  
I can't wait until the next time love we make  
Baby you must understand, I have got to be your lover  
Gotta be your only man  
Cause you are in my system  
You are driving through my veins  
If I don't get more of you, I think I'll go insane
