

# Ten Second Epic, Another Density

it seems that all that's unclear pushes  
through the seam, cause it's lucid in  
your arms, just another destiny

and when hope just won't pull  
through now, and i start to question my  
own self, but who needs hope, when  
you're willing, to stare down fate and  
stop this crusade

and if you graze me with that grin,  
then i will forget about truth, and  
live this instant just for you, and  
only you

can't believe what fate has said, i  
won't, no, i won't, don't you look at  
me with those eyes, your breath takes  
me, your breath takes me, don't you  
look at me with those eyes, your breath  
takes me, your breath takes me now

october midnight ripped apart doubt  
that i knew, cause if my heart was  
just a coin, i guess it's double sided  
too then if i need to justify, i will  
resonate your voice, cause just one  
word, just one word reminds me, why  
i've turned to moving forward

can't believe what fate has said, i  
won't, no, i won't, don't you look at  
me with those eyes, your breath takes  
me, your breath takes me, don't you  
look at me with those eyes, your breath  
takes me, your breath takes me now

to the world you are one person, but to  
one person you're the world, when it all  
comes crashing down, you're there, to  
lift me off the floor, off the floor,  
off the floor, one more daunting night
