

# Ten Sharp, You

It's all right with me  
as long as you  
are by my side

Talk or just say nothing  
I don't mind your looks never lie  
I was always on the run  
finding out what I was looking for

And I was always insecure  
just until I found

Words often don't come easy  
I never learned  
to show you the inside of me  
I know my baby

You were always patient  
dragging out what I try to hide

I was always on the run  
finding out what I was looking for  
and I was always insecure  
until I found

You, you were always on my mind  
you, you're the one I've been living for  
you, you're my everlasting fire  
you're my always shining star

The night's always a good friend  
a glass of wine, and the lights are low  
you lying beside me, me full of love  
and filled with hope....
