

# Ten Shekel Shirt, Peace With You

It's nice to be at peace with You  
It's fine with me to be close to You

My eyes are fixed on You, oh Lord  
I see You, I see You  
My hands are clean  
My heart is pure  
You washed me, thank You

I used to be attracted to  
The things of this world  
And I used to be at war with You  
Now I'm fighting on Your side

chorus  
It's nice to be at peace with You  
It's fine with me (yeah its all right), to be close to you

My love for You is unashamed  
I love You, I love You  
My guilt is gone, I'm free to fly  
Inside, inside

I used to be entangled by  
The things of this world  
And I used to seem so far from You  
Now I feel You by my side

It's nice to be, At peace with you,  
It's fine with me (yeah its all right), to be close to you.  
It's nice to be, At peace with you,  
It's fine with me (yeah its all right), to be close to you.

It's nice to be at peace with you,  
It's fine with me to be close to you.

It's nice to be  
at peace with you (o my God, my God)

It's nice to be, It's nice to be  
It's nice to be at peace with you.
