

# Ten Yard Fight, Pit Of Equality

We don't care if you're black or white  
We're all friends in the pit tonight  
I'll pick you up if you fall on me  
We'll mosh in the pit of equality  
Straight edge brothers in the pit together  
Singing straight edge anthems together  
We're all friends if you're not high,  
And no one will go home with a black eye  
In the pit we're all the same  
Because hardcore's just a big football game  
Ten Yard Fight is here to stay  
And we won't tolerate any foul play
