

Ten Years After, Love Until I Die

(Alvin Lee)

Well I'm gonna live my life darlin', live and love it until I die
Ooooo, live my life darlin', live and love it 'til I die
Tell ya, wanna have a good time - let the bad times pass me by
Alright!

Gonna love you darlin', live and love you all the time
Hmmm - mmm, Gonna love you darlin', live and love you all the time
If the times get hard baby, well at least I'll know you're mine

Well I'm gonna love you darlin', live and love you all the time - alright
I'm gonna love you darlin', live and love you all the time - yes I am
If the times get hard baby, well at least I'll know you're mine

I'm gonna live my life darlin', live and love it until I die
Oh, don't you know it!
I'm gonna live my life darlin', gonna live and love it until I die
Oh yeah - alright!
I wanna have a good time, let the bad time pass me by
