

Teramaze, Engraved

Sometimes in this world we feel all alone
We feel as though our lives are wasted time
We search for the things, that make feel our worth
We turn to sins, to take away the pain
God wants what's best for this children
He wants to take away all of the pain
Jesus is calling your name
He wants you to know, can't hear him say
I love you, I want you, I need you my child
Just call on me, my child, my child
Sometimes in this world we want to take our lives
We want to end it all. Who can hear me cry?
But don't you know, that God is a caring God
Who hears our cries
He wants you to know
