

# Teramaze, Majestic Arrival

Persecution blinded is the foe  
Resolution fed into the soul  
Freed from our sins by his fallen blood  
Our Saviour is serving your right to live  
Again

The sacred chosen few  
Escaping through darkness  
The depth of the work of man  
And why should we live again?  
Damnation fear our father's son  
The institution of the evil one  
Revelation time of justice comes  
The hour of trial beholding the sands of time  
The sacred chosen few  
Escaping through darkness  
The depth of the work of man  
And why should we live again?  
The living dead, the dead  
They all will rise again  
Judging mercy upon  
Proven innocence  
They all shall know  
The final showdown pervading the universe  
Every eye will see  
Every knee will bow  
The coming of the Lord  
Every heart shall know  
Every voice shall sing  
The coming of the Lord
