

Terra Naomi, Better This Way

Trying to get the sun to rise for me
Is not that easy
Trying to get the sun to rise for me
Is not that hard
And i'll be
Better this way
I'm better this way...

Trying to get my feet up off of the ground
Is not that easy
Trying to get my feet up off of the ground
Is not that hard
And i'll be
Better this way
I'm better this way...
I'm better this way...
I'm better this way...
