

# Terra Naomi, Tonight

I am driving in a canyon  
Don't know where i'm going  
Don't know who i am  
Going with

I made it easy to leave me  
Not knowing  
I made it easy to quit me

I think that once you told me  
Once i tasted salty tears  
I'd lose the taste for anything else  
But tears

And i can cry like it was yesterday  
Feel your hand on my throat  
And you're choking back  
The words you want to say

Say it wasn't too late  
When it was already past  
And my heart had turned to ashes  
And my eyes to coal  
And so

What i'm trying to tell you is  
I still can feel your head  
On my pillow in the dark tonight

Tonight tonight tonight  
I'll put another thought of you behind  
Tonight tonight tonight  
I'll raise my glass  
And drink to getting you off  
My mind

And this is only a thought that trailed  
I'm driving in a canyon  
Don't know why i am driving  
And you are only a friend i failed  
Another mess i had my hand in  
With my eyes on the high beam

And in this dream i save you  
And you can teach me how to say  
Goodbye

Tonight tonight tonight  
I'll put another thought of you behind  
Tonight tonight tonight  
I'll raise my glass  
And drink to getting you off  
My mind...
