

# Terror, Disconnected

I know you feel it too  
Inside of me, inside of you

Searching and searching  
Running on my own  
So many are living the truest lie  
But I can't be like you  
I don't want to fit and I don't need to know  
Stay sharp and move in silence  
Disconnected, keep me blinded.

There's nothing here for me  
There's nothing here for you

So alone in this crowd  
And I know you feel it too

Keep only to myself  
Isolation on the outside  
Sick of empty words  
No fake smiles from the wrong side  
No one sees what I see  
Disbelief, hypocrisy  
Out of step, move in silence  
Disconnected, keep me blinded.
