

# Terror, Push It Away

We've got to push it away.  
I walk alone among my enemies.  
We've got to push it away.  
I am alone, no regrets, no shame.  
Hate is surrounding me, my addictions killing me.  
So much shit forced in my head.  
Still this world won't see me dead.  
I walk alone among the abused and deceived,  
lost in this wasteland, killing for our lusts and greeds.  
I am alone, no regrets, no shame.  
So stay the fuck away from me.  
Nothing but enemies.
