

Terry Allen, Buck Naked

Running naked down the state
highway
Runnin naked in the middle of the
day
Runnin naked like a tom cat
behind
Runnin naked but the cat don
seem to mind

Give me your heart
Il give you mine first
Give me your time
Il give you my trust

Buck naked now
Like when I was born
When will we find out
Why does it take so long
Buck naked now
Buck naked now
Buck naked now
In the eyes of the lord
Running naked like the day when I
was born
Theye all naked in the land where
I come from
I a long way from the great high
plains now
Wee all naked if you turn us
inside out

Buck naked now
We ain got no clothes
Bare assed for sure
in the eyes of god

Naked in my heart
Naked in my soul
Well, how does it feel
Does anybody know
Buck naked now
Buck naked now
Buck naked now
In the eyes of the lord
well, wee naked inside
youe naked too
well there nothing to fear
and there nothing we can do
