

# Terry Allen, That Kind Of Girl

yeah

I know you don't understand this  
But I think you have a death wish  
Even though I know you do not want to die  
Yeah you just want to fall in love  
Be blessed by the lord above  
And get married to a real nice guy

Wear a string of pearls  
Wear your mother's pearls  
you are just  
That kind of girl yeah  
You must have a death wish  
But you would never cut your wrists  
I know you do not believe in suicide  
You just want the perfect home  
Full of perfect stuff and be left alone  
And never ever have to go outside  
Out into the world  
Out into the world  
You are just  
That kind of girl

yeah

You must have a death wish  
you look a little anorexic  
Though I know you eat good healthy food  
You do not smoke cigarettes, do drugs, get drunk  
Or even think of it  
And love to do without sex is more true

yeah

But true to who?  
True to you?  
Or just life in that kind of world  
Just life  
That kind of girl
