

# Terry Scott Taylor, Into The Deep

You were asleep  
And now your eyes are open  
Into the deep  
It's here your heart gets broken  
And life begins again  
And God is breathing here  
Somewhere beneath this cold, dark wave  
A tragic miracle helped you find your way  
Back to love  
And as you weep  
A Holy Dove's in motion  
Your soul He'll keep  
Above the tears that formed this ocean  
In time, you'll breathe again  
And God is moving here  
When faith is shaken to the core  
A kind of tragic grace  
Too awful to ignore  
Takes you down  
Takes you  
Into the deep
