

Tesla, Before My Eyes - Five Man Acoustical Jam

She come on softly,
as she moves across the room before me.
But I can't resist, I'm hypnotized
I'm surrounded by her.
I can't,
I can't forget that face.
And I will,
I will go back to that place.

She stands before my eyes,
right before my eyes.

I can see the colors,
coming one after another for me.
I see the words, I feel the sound,
going 'round in my head.
But I know,
there's something out there.
Please tell me,
is this reality?

Right before my eyes,
right before my eyes.

She come on softly,
as she moves across the room before me.
I can't resist, I'm hypnotized.
I can see the colors,
coming one after another for me.
I see an image,
of myself.

Before my eyes,
right before my eyes.
Right before my eyes,
right before my eyes.
