

# Tesla, Words Cant Explain

Once upon a day  
Love walked away  
Soon after I would learn  
Only never to return  
Feeling life was through  
Like it was to you  
Save me before I drown  
Put me up on dryer ground

And I meant what I said  
When I told you  
I'd never love like this again  
I wanna hold you in my arms  
Wrap my legs around your pretty self

If only words could explain  
I'd surely tell ya now  
How I feel about everything  
I'd never let you down  
And you better believe  
You can count on me  
I couldn't ask for better friends  
I'd never love like this again (oh no)

This love is real  
So much I feel it  
So deep inside  
As though our hearts are synchronized  
Since you became the color of my life  
I'll never make it in black and white  
Or pales or shades of gray  
You come around then go away

And I meant every word I said  
When I told you  
I'd never love like this again  
I wanna show you  
You're in my heart  
You're in my soul  
You're all I wanna know

If only words could explain  
I'd surely tell ya now  
How I feel about everything  
I'd never let you down  
And you better believe  
That you can count on me

What does that really mean?  
I'd never know for sure  
I don't know what to believe  
I only know what I'm feeling  
I'm going to a place  
I've never been before  
I just cant help myself  
Can't help what I'm feeling

If only words could explain  
If only words could explain  
If only words could explain  
If only words could explain  
Baby how I feel
