

Texas, Believe Me

It's taking so long to say these things
I've been trying to protect you but you don't know what I mean
I think that's what the problem is and what we're trying to say
Believe me

You're saying one thing when you really mean another
You've gotta be straight and say what you feel inside
You hurt me more by leading me blind
Believe me

Why are you so scared of facing the truth
Why are you so scared of facing the truth

Heaven help me, I don't wanna be alone
I look at you and you're the one who makes me glow
In time some things will turn around
Believe me

Why are you so scared of facing the truth
Why are you so scared of facing the truth

It's taking so long to say these things
I've been trying to protect you but you don't know what I mean
I think that's what the problem is and what we're trying to say
Believe me

Why are you so scared of facing the truth
Why are you so scared of facing the truth
Why are you so scared of facing the truth
Why are you so scared of facing the truth
