

Texas, How It Feels

It's your love
How does it feel
It's your love
How does it feel
(x2)

When we row I know the feelings
But I don't wanna know what's wrong or right
There's somewhere else I've got to see
But I don't even care what's wrong for me
I wanna know, I wanna try to find the reasons
You've got to follow what's good for you
But I don't wanna know what's wrong or right

It's your love
How does it feel
It's your love
How does it feel
(x2)

intermezzo

It's your love
How does it feel
It's your love
How does it feel
(x3)
