## Texas, I've been missing you

| DO I KNOW IT YOU | are sleeping Ca | ause you lie so | suii and warm | Yen the darness | s and the silence v |
|------------------|-----------------|-----------------|---------------|-----------------|---------------------|
|                  |                 |                 |               |                 |                     |
|                  |                 |                 |               |                 |                     |
|                  |                 |                 |               |                 |                     |
|                  |                 |                 |               |                 |                     |
|                  |                 |                 |               |                 |                     |
|                  |                 |                 |               |                 |                     |
|                  |                 |                 |               |                 |                     |
|                  |                 |                 |               |                 |                     |
|                  |                 |                 |               |                 |                     |
|                  |                 |                 |               |                 |                     |
|                  |                 |                 |               |                 |                     |
|                  |                 |                 |               |                 |                     |
|                  |                 |                 |               |                 |                     |
|                  |                 |                 |               |                 |                     |
|                  |                 |                 |               |                 |                     |
|                  |                 |                 |               |                 |                     |
|                  |                 |                 |               |                 |                     |
|                  |                 |                 |               |                 |                     |
|                  |                 |                 |               |                 |                     |
|                  |                 |                 |               |                 |                     |
|                  |                 |                 |               |                 |                     |
|                  |                 |                 |               |                 |                     |
|                  |                 |                 |               |                 |                     |
