

# Texas Is The Reason, The Day's Refrain

He said that it felt good to be alive.

He never did amount to much. He Never did try hard enough.

This time I won't be caught off guard, just like all of the times before.

It doesn't mean that much to me.

Loving never meant that much to me.

I never said that it felt good to know everything that you needed to know.

I guess you never really tried.
