

# Texas, Tear It Up

Didn't you find in this small town  
Climb the height, so devine  
Yes we did  
And now you're part of everything  
That makes my days warm from within  
Yes it is

So won't you please hurry home now  
there is nothing more for me to say  
So won't you please hurry home now  
there is nothing more for me to say

You're forever, forever in my mind  
You're forever, forever, forever in my mind

Somethings tearing up your mind  
It's in your eyes froze out of time  
Yes it is  
It's in the way you can't disguise  
In order to make a women cry  
Yes I have

So won't you please hurry home now  
there is nothing more for me to say  
Oh won't you please hurry home now  
there is nothing more that I can say

Cause you're forever, forever in my mind  
You're forever, forever, forever on my mind

Oh won't you please hurry home now  
there is nothing more that I can say  
So won't you please hurry home now  
there is nothing more for me to say

But you're forever, forever on my mind  
Yeah you're forever, forever, forever on my mind  
You're forever, forever on my mind  
You're forever on my mind
