

Teya & Salena, Bye Bye Bye

What a good vibe we had a good time
Yeah, feeling so right but now we say bye, bye, bye
Bye, bye, bye
We call it life so we do not cry
Even if you don't like why now we say bye, bye, bye
Bye, bye, bye

Babe it's okay
That's the game
No more calls, we bet it all
Tears on display
You'll always stay
Part of our way
But now it's time, we're turning a new page

You, you, you, you, you, you, make us wanna
Do, do, do, do, things we never
Knew, knew, knew, knew, knew
Knew that we could do, do, do, do

We got so high we can't deny
But the stars in the sky they make us say bye, bye, bye
Bye, bye, bye
It's a new day for memories to stay
They won't get ruined, when we say bye, bye, bye
Bye, bye, bye

Babe it's okay
That's the game
No more calls, we bet it all
Tears on display
You'll always stay
Part of our way
But now it's time, we're turning a new page

You, you, you, you, you, you, make us wanna
Do, do, do, do, things we never
Knew, knew, knew, knew, knew
Knew that we could do, do, do, do

What a good vibe we had a good time
Yeah, feeling so right but now we say bye, bye, bye
Bye, bye, bye

We call it life so we do not cry
Even if you don't like why now we say bye, bye, bye
Bye, bye, bye
