

# ThanatoSchizO, Nightmares Within

(lyrics by Patricia/Guilhermino)

Shadows inside of me  
Walk through my senses  
Dragging what I am  
Till my inner perishes.  
I die every time  
I try to reach the end,  
But I can not overstep my avidity.

I fade  
I fade so desperately as I live.  
I resurrect  
I resurrect as I die.

Wrath is all I feel  
'Cause darkness brings...  
Within my faked  
Inner Surrender

Doors are opened for death  
Nightmares you searched are back  
Trusted, despaired with facts  
Nothing than a brutal sign

Nightmares within death  
Nightmares within death

And I'll always live  
Seized to the chains  
Of spectral and eternal pains.  
And I will never belong  
To this desperate world  
Because I'm already dead.
