

Thao With The Get Down Stay Down, Big Kid Table

You are strong, strong, strong,
Stronger than me
With a heart much more
Much more lovely

And I reach high
As high as I was able
Such a small kid
At the big kid table
And you follow me
Into the forest
Positioned and ready
Ready for a kiss
But I never gave you nothing
Not even to hope
Or wear around your neck
Or rest against your collarbone

But I got reasons
I have been excused
I want to reconvene
I want to tell the truth

That you are strong, strong, strong,
Stronger than me
With a heart much more
Much more lovely
You are strong, strong, strong,
Stronger than me
With a heart much more
Love, lovely

And it is not as though
I do not know it's hurts me
It's just I drink only
That which makes me thirsty
We are at the

Can I recall, reclaim
Pretend we did not do it

I got reasons
I have been excused
I want to reconvene
I want to tell the truth

Well you are strong, strong, strong,
Stronger than me
With a heart much more
Much more lovely
You are strong, strong, strong,
Stronger than me
You are strong, strong, strong,
You are strong, strong, strong,
You are strong
