

# Thao With The Get Down Stay Down, Violet

Oh no, Violet, don't you go  
Violet, Violet, don't you go (x2)

I will keep my station wagon stationary  
And I will learn to juggle all the things we carry  
Must be hard on your bodyguards  
When you charge at icicles  
Eye level to your heart  
And then you sing,  
"Don't they need any? Won't they need any? Won't they? They won't. Won't they? They won't

Oh no, Violet, don't you go  
Violet, Violet, don't you go (x2)

I built a light tower for my town pillar  
Low fly an aircraft dark on a...  
Gonna kill her  
I laid these bricks  
You want stones  
You won't be carried  
You must be thrown  
Oh no, Violet, oh no  
Violet
