

Thao With The Get Down Stay Down, We Go

Let's go home and eat sweet things
Throw our arms across our eyes
They are angry like motorcycles
Tuck your chin and ride

We are not so bad
We are not so
We are not so bad
When we go
When we go
When we go

We have burned our tongues
While we burned your ears
You are patient ones
We have worn you thin and clear

We will go on on
We will go on on
We will go on on
We will go on on
